

St Christophers Care Home

St. Christophers Care Home was established in 1980, and is set within the 35 acres of stunning grounds at Ascot Priory. St. Christophers cares for clients who require residential care.

Philosophy

Our aims are to provide the highest standards of care based on the individual needs of each resident, and to create a homely atmosphere where family and friends are always welcome. Residents are encouraged to remain independent, safe in the knowledge that help is always close at hand.

Qualified Staff

Trained care staff are available at all hours to ensure that residents are comfortable and that personal needs are quickly met. Qualified nurses are part of the care team and are on call at all times.

A nurse call system is installed in every room and bathroom, as well as all public areas, enabling residents to raise assistance at all times.

Facilities

All rooms are furnished and we encourage residents to bring personal items (including furniture) into their rooms to create familiar surroundings. Television and telephones are available in every room. There are four companion rooms which are available for friends and couples. Easy access is provided by a passenger lift to the first floor. St Christophers cares for up to 25 clients.

Activities

We encourage residents to follow individual hobbies and place strong emphasis on remaining active, both mentally and physically. A visiting library supplements the home's own library to ensure clients have access to a wide and changing variety of reading material.

Activities are arranged in and outside the home on a regular basis. Close links to local churches mean that services take place in the home's own chapel every week.

Services

The daily menu provides a choice of fresh, nutritious food, and special dietary or cultural needs will always be catered for.

Personal clothing is laundered on the premises.

The visiting services of a hairdresser, optician, physiotherapist, aromatherapist, reflexologist, dentist and doctor are regularly available in the home.
